About *Secret Spaces of Childhood*:

Whether it's real or imaginary, every child has a secret space, and this remarkable book explores them all. For some it's a treehouse or a hidden spot beneath a bush; for others it's a private psychic refuge—a favorite book, or a dollhouse that becomes a stage for a young imagination. As the more than four dozen pieces collected here reveal, such spaces play a key role in a child's development and retain a symbolic power that resonates throughout our adult lives. No reader will put this book down without experiencing a rush of familiar memories and new insights into that bygone world.
